After 88 years of being in the pickle business, The Bessinger Pickle Company, who some would say had the best pickles in Michigan where you could find them on the shelves of grocery stores such as Meijer and Jack's Market, closed its doors in 2020. Freeland Auction Services has been entrusted to bring to liquidate the entire contents of the Bessinger Pickle Factory in Au Gres, Michigan using its online only absolute auction format located on Proxibid.com. There are NO RESERVES on the almost 300 lots featuring high end equipment from vegetable washing machines to fork lifts.

There are THOUSANDS of 32oz Jars and lids on skids. Have a field day and join in this auction. The factory was a VERY clean factory, and all equipment is operating as it should. Please contact our company for preview of any of these items. Have fun and please contact Barry or Shawn with Freeland Auction Services if you have any questions!

Inspection and pickup will be at The Bessinger Pickle Factory, 537 N. Court St., Au Gres, Michigan 48703. Rigging of large equipment will need to be arranged by the purchaser.

Please call Barry at (989) 878-3308 or Shawn at (989) 878-2487 for more information. We are able to accept absentee bids as well if you are not able to bid online.
